DIARY NOTES

25X1A

DD/S

9 May 1956

25X1A9a

1. Met with the Building Liaison Officers to consider what units would be left out of the new building in order to construct 300,000 square feet less than was originally planned. Believe we have a scheme which will work and [REDACTED] is to have it ready for me to present to the Director as soon as possible, and in no case later than Monday. H

2. [REDACTED] telephoned to say that [REDACTED] thought arrangements could be made in Richmond for Mr. Dulles to lunch with General Anderson at any time. I will see what time will be convenient for Mr. Dulles and then ask George to lay it on.
